

Quarterly Economic Summary

Mora County

Released: February 2024

Prepared by: Joel Salas, Economist

Chart 1. Matched Taxable Gross Receipts Per Quarter

In the first quarter of FY24, 28 of 33 counties saw year-over-year economic growth, with 9.1% growth statewide in matched taxable gross receipts (MTGR). State gross receipts increased from the fourth quarter of FY23, bringing it to the highest ever quarterly total in MTGR for the state.

Mora County's matched taxable gross receipts (MTGR) increased by \$14.9M from Q4 FY23 to Q1 of FY24. Construction, retail trade, and agriculture, forestry, fishing, and hunting were the top 3 industries by MTGR in Q1 FY24, as seen in Chart 2. Table 1, on the next page, shows a year-over-year (YOY) increase in Q1 FY24 of 55% or \$14.2M, compared to Q1 FY23. The largest contributor to this increase, came from the construction industry.

Chart 2. FY24 - Q1 Industry Size by Matched Taxable Gross Receipts

Matched Taxable Gross Receipts (MTGR) are the best tax data available to show underlying economic activity. The data collection process matches a tax payment with reported receipts for each taxpayer by industry.

Quarterly Economic Summary

Mora County

Chart 6. Establishment Year Over Year % Change

An **establishment**, as used in the QCEW and subsequently Chart 6 and Table 2, is an economic unit, such as a farm, factory, or store, which produces goods or provides services at a single physical worksite and engaged, predominantly, in one type of economic activity.

Gross Domestic Product (GDP) is the value of all goods and services produced in an area. The percentage that GDP grew (or shrank) from one period to another is an important indicator as to how the economy is performing. Table 2, below, shows the percentage of GDP each industry accounts for in the total GDP, in a specific county and the state. The chart also compares the county to the entire state of New Mexico, by showing the impact of specific industry sectors on the county's GDP compared to that of the whole state.

Chart 7. Calendar Year % Change In Real GDP Year Over Year

Table 2. Historical Glance: 2022 Gross Domestic Product by Industry

Industry	2022	Industry % of Total	2021-2022 Growth	YOY % Change
