Job Training Incentive Program Awards 13 Companies \$1,630,072.16 in May and June to Create 233 Jobs

Santa Fe - The New Mexico Economic Development Department's Job Training Incentive Program (JTIP) board approved \$325,955 in funding in May to create 38 jobs and \$1,304,117.16 in June to create 195 jobs in New Mexico.

"JTIP continues to be a proven job creator," said Economic Development Secretary Jon Barela. "It's great to see these companies using JTIP to expand and improve their workforce which creates good jobs in New Mexico."

May's JTIP recipients:

Wildflower International, Ltd., Santa Fe - Wildflower International, Ltd. was founded in 1991 in Glorieta, NM and has grown into New Mexico's largest woman-owned business. Wildflower provides total IT management solutions to the U.S. Federal Government worldwide. **35 jobs, \$293,455**

Spra-Green, Inc., Portales - Spra-Green was founded in 1960 to service the agriculture needs of Portales area farmers. The company wholesales to nurseries, hardware stores and to individual businesses throughout New Mexico, Texas, Oklahoma and Colorado. **1 job, \$6,640**

J.W. Industries, Albuquerque - J.W. Industries, Inc. was founded in 1976, in Albuquerque, NM. For forty years the company has built a successful reputation by focusing on prototype development and design engineering services. **2 jobs, \$25,860**

June's JTIP recipients:

Ideum, Inc., Corrales - Ideum provides design and software development services and sells its multitouch tables and touch walls to clients worldwide. Ideum has worked on custom software and hardware projects with some of the world's top museums as well as worked with Fortune 500 companies and iconic brands such as: Apple, Adobe, Coca-Cola, Boeing, Hewlett-Packard, Intel, and Union Pacific. **6 jobs, \$129,181.44**

NM Transloading, LLC, Albuquerque - New Mexico Transloading, LLC was incorporated in July 2014 in the industrial South Valley of Albuquerque. It is New Mexico's first multi modal, state of the art transloading facility with the capacity to move a variety of products such as palletized goods, steel, timber, agricultural products, propane and oil, bulk liquid, dry goods, construction materials and heavy equipment. **30 jobs, \$251,821.92**

PreCheck, Inc., Alamogordo - PreCheck provides background investigation services for a diverse range of clients. The company provides a broad range of businesses and healthcare organizations with the information they need to verify and preserve the integrity of their people and programs. PreCheck has become the largest credential verification organization serving the healthcare industry. **35 jobs, \$236,450**

CN Wire Corporation, Santa Teresa - CN Wire Corporation is the U.S. affiliate of Turkish company, ER-BAKIR Elektrolitik Bakir Mamulleri A.S. CN Wire's products include single wire, multiwire, bunched/stranded wire, tin-plated copper and braid wire. CN Wire opened its first North American manufacturing facility in Santa Teresa, NM in March 2014. **34 jobs, \$150,243.62**

Aircraft Technical Support Roswell, Roswell - Aircraft Technical Support provides aircraft storage, maintenance, demolition, recycling, reactivations, purchasing and sales of airframes for many global air carriers. The company has operations in Dubai in the United Arab Emirates and a year ago opened Aircraft Technical Support in Roswell. **36 jobs, 310,974.88**

Cinnafilm, Inc., Albuquerque - Cinnafilm, Inc. serves the global cinema and broadcast video markets with their patented Dark Energy® and Tachyon® software. The innovative video optimization software provides the fastest, highest quality standards for transcoding and image processing. **2 jobs, \$59,850**

Sigma Labs, Inc., Santa Fe - Sigma Labs, Inc. develops, engineers and commercializes manufacturing and materials technologies. The company offers an advanced, in-process quality assurance suite of technologies and materials-related, non-destructive quality inspection systems for the 3D printing, metal-based additive manufacturing and other advanced manufacturing technologies. **1 job, \$41,040**

Canon Information Technology Services., Inc., Albuquerque - Canon Information Technology Services, Inc. is the support company for Canon products sold in the United States and has been in operation in Albuquerque since April 2014. **51 jobs, \$110,722**

Emerging Technology Ventures, Inc., Alamogordo (Step-Up) - Emerging Technology Ventures' business model focuses on the design and manufacture of emerging autonomous and unmanned systems technologies. The company is concentrating on the integration of platforms on the ground, air, and maritime domains to solve requirements for logistics, security, force protection, fire-fighting, precision agriculture, and hazardous material operations. **2 trainees, \$2,408.30**

Jaguar Precision Machine, LLP, Albuquerque (Step-Up) - Jaguar Precision Machine is a veteran owned company specializing in the manufacturing of highly complex parts for defense, aerospace, medical and oil and gas customers. The company is strategically teamed with an engineering development company to offer integrated, full-service design and build solutions for customers. **7 trainees, \$11,425**

The Job Training Incentive Program reimburses qualified economic-based companies for a portion of training costs associated with job creation. The program provides for classroom or on-the-job training, reimbursing an expanding or relocating business for up to 75 percent of a trainee's wages for as long as six months. The amount of the award depends on the number and complexity of jobs, the wages paid, and the business location.

To qualify, new or expanding companies must either create a product in New Mexico, or provide a nonretail service with 50 percent of the company's customer or revenue base outside of the state. The eligible jobs must be full-time and year-round. The trainee must be a new hire to the company and have been a New Mexico resident for at least one year at any time prior to being hired.
