IntelliCyt Corporation, Albuquerque - IntelliCyt Corporation develops and markets innovative highthroughput cell and bead-based screening solutions for use throughout the life sciences. The company uses proprietary technologies to create instrumentation, reagent kits, and software products that facilitate the study of cells and their components to gain a better understanding of normal and disease processes. 2 trainees, \$15,732.80

RiskSense, Inc., Albuquerque - RiskSense, Inc. is a leader in Cyber Security Threat Assessment and Remediation Management. The company uses proprietary technology to identify threats in near real time and fix most critical security problems before exploitation occurs. 2 jobs, \$25,740

Private Label Select Ltd. Co., Taos - Private Label Select is a privately owned manufacturing and product development company. The company manufactures natural and organic cosmetics and personal care products, 6 jobs, \$43,450

The Job Training Incentive Program reimburses qualified economic-base companies for a portion of training costs associated with job creation. The program provides for classroom or on-the-job training, reimbursing an expanding or relocating business for up to 75 percent of a trainee's wages for as long as six months. The amount of the award depends on the number and complexity of jobs, the wages paid, and the business location.

To qualify, new or expanding companies must either create a product in New Mexico, or provide a nonretail service with 50 percent of the company's costumer or revenue base outside of the state. The eligible jobs must be full-time and year-round. The trainee must be a new hire to the company and have been a New Mexico resident for at least one year at any time prior to being hired.
