

# Quarterly Economic Summary

## Harding County

Released: August 2020

Prepared by: Joel Salas, Economist, and Ryan Eustice, Economist

Chart 1. Matched Taxable Gross Receipts Per Quarter

The fourth quarter of FY20 is the first full quarter of economic impacts from the COVID-19 pandemic. Business closures and reduced consumer spending locally began to take effect at the end of March. Since then, the state instituted reopening phases designed to slow the spread of the virus while providing a systematic approach to reopening the economy. However, the continuation of the COVID-19 health crisis and the subsequent closures of many businesses statewide caused downward trends in matched taxable gross receipts across the state.

Harding County has seen a nearly stable decline in its matched taxable gross receipts (MTGR) over the last eight quarters, as seen in Chart 1. With MTGR trending downward, it was only exasperated from Q3 FY20 to Q4 FY20 with a loss of nearly \$272K or 8%. The construction industry continues to be a driver for MTGR in the county, accounting for 45% of the quarter's total MTGR, as seen in Chart 2.

Chart 2. FY20 - Q4 Industry Size by Matched Taxable Gross Receipts

**Matched Taxable Gross Receipts (MTGR)** is the best tax data available to show underlying economic activity. It matches a tax payment with reported receipts for each taxpayer, by industry.

## Harding County

**Table 1. Matched Taxable Gross Receipts by Industry**

Industry	FY19 - Q4	FY20 - Q4	Growth	Year over year Change
Accommodation and Food Services	\$ 16,614	\$ 6,060	\$ (10,554)	-64%
Administrative/Support & Waste Management/Remediation	\$ 15,062	\$ 11,504	\$ (3,558)	-24%
Agriculture, Forestry, Fishing, and Hunting	\$ -	\$ -	\$ -	N/A
Arts, Entertainment, and Recreation	\$ 21,609	\$ -	\$ (21,609)	-100%
Construction	\$ 1,288,993	\$ 1,473,377	\$ 184,383	14%
Educational Services	\$ -	\$ 72	\$ 72	N/A
Finance and Insurance	\$ 279	\$ -	\$ (279)	-100%
Health Care and Social Assistance	\$ 383	\$ -	\$ (383)	-100%
Information	\$ 197,625	\$ 211,827	\$ 14,202	7%
Manufacturing	\$ 24,481	\$ 11,284	\$ (13,197)	-54%
Mining, Quarrying, and Oil and Gas Extraction	\$ -	\$ 17,837	\$ 17,837	N/A
Other Services (except Public Administration)	\$ 179,063	\$ 269,151	\$ 90,088	50%
Professional, Scientific, and Technical Services	\$ 252,865	\$ 96,139	\$ (156,727)	-62%
Public Administration	\$ 34,578	\$ -	\$ (34,578)	-100%
Real Estate and Rental and Leasing	\$ 12,320	\$ 97,046	\$ 84,726	688%
Retail Trade	\$ 421,975	\$ 214,670	\$ (207,305)	-49%
Transportation and Warehousing	\$ -	\$ -	\$ -	N/A
Unclassified Establishments	\$ 596	\$ 302	\$ (294)	-49%
Utilities	\$ 1,511,108	\$ 830,310	\$ (680,798)	-45%
Wholesale Trade	\$ 33,768	\$ 15,799	\$ (17,969)	-53%
<b>All Industries</b>	<b>\$ 4,011,320</b>	<b>\$ 3,255,378</b>	<b>\$ (755,942)</b>	<b>-19%</b>

Chart 4 demonstrates the quarterly GRT collections and like MTGR, these have been steadily declining. From FY18 to FY19, quarterly collections averaged close to \$40K while in Q4 FY20, collections were \$28K. From Q3 FY20 to Q4 FY20, collections declined by \$5K or 17%. Q4 FY20 is the lowest amount collected for quarterly GRT dating back to Q4 FY13.

HB6, passed in 2019, made widespread tax changes within New Mexico. One notable change is the conversion to destination-based sourcing that will begin after a two-year delay. During the 2020 Special Session, that legislation was amended, increasing a temporary distribution to municipalities and counties. Now municipalities will receive a distribution that is a portion of \$2.5 million while counties will receive a distribution that is a portion of \$1.5 million. The amounts distributed will be proportional to the size of the community's population versus that of the entire group. These amounts are subject to change if the federal government provides municipalities and counties future grants to offset revenue declines attributable to COVID-19.

## Harding County

Chart 5. Quarterly Average Total Employment & Weekly Wage

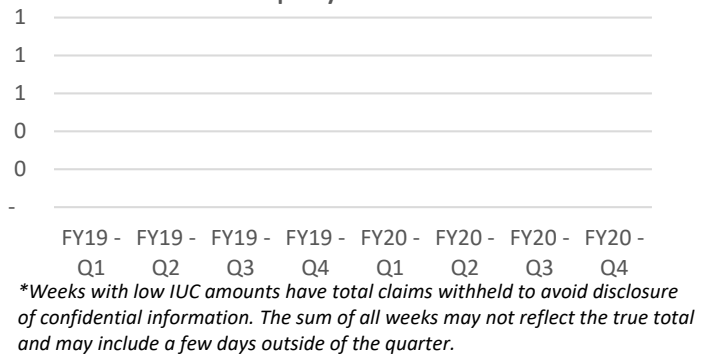

Chart 6. Quarterly Initial Unemployment Claims

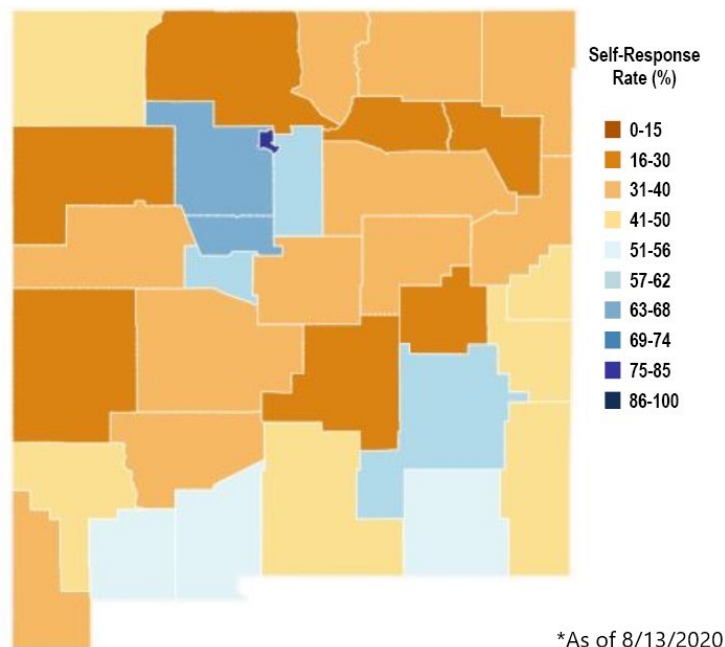

New Mexico receives over \$6 billion each year through federal programs which benefit the entire community: health care, nutrition, highways, education, housing, jobs and more that allocate funds on per capita basis. Each New Mexican not counted equates to a loss of approximately \$3,745 in funding per year. If New Mexico undercounts residents by only 1%, the state would lose \$780 million in revenue over the next 10 years.

A significant unexplained increase in initial unemployment claims can be an early indicator of an economic downturn. Explained increases commonly include seasonal job fluctuations, federal government shutdowns resulting in employee furloughs, or the closing of a major regional facility. This unprecedented uptick in initial unemployment claims is obviously tied directly to the COVID-19 pandemic and subsequent furloughs and layoffs by affected businesses. As the phased reopening continues, it is likely the number of initial unemployment claims will flatten out and then decrease, but it is impossible to predict how quickly the employment numbers will return to pre-COVID levels.
