I. INTRODUCTION

A. PURPOSE OF THIS REQUEST FOR PROPOSALS

The purpose of the Request for Proposal (RFP) is to solicit proposals to establish a contract through competitive negotiations for the procurement of services to update and edit the New Mexico Economic Development Department's (EDD) Economic Development Strategic Plan, *Empower and Collaborate: New Mexico's Economic Path Forward*. The contractor will be responsible for collecting data along with community and stakeholder input to review and provide updated edits (as needed) to the overall plan including the analysis, action plan and community engagement and implementation strategy. The contractor will be responsible for working in collaboration with numerous stakeholders including the Sustainable Economy Task Force (SET Force) and the Sustainable Economy Advisory Council (SEAC).

The contractor should seek to provide unique strategies as well as review and edit the existing strategies for developing the state's nine target industry sectors plus up to two additional sectors that may be added by the Economic Development Department (EDD) during the process. These strategies should contain actionable recommendations identifying what should be done, what organization(s) would be responsible, and what the timeline would be. The edited or new strategies should continue to outline a concrete action plan for economic diversification away from the state's current dependence on the oil and gas, retail, and public sectors over 20 years that shall include legislative and infrastructure strategies. Additionally, the contractor shall incorporate feedback and input from underserved, underrepresented and disproportionately affected communities and populations as per NM Senate Bill 112.

This plan is for the state, not just EDD, recognizing any efforts and coordination needed by other state and local organizations, as well as the SET Force and SEAC. The plan and strategies should be directly tied to information obtained through national, statewide, and local data collection, SWOT (strength, weaknesses, opportunities, threats) analyses for each industry, the Clean Jobs Workforce Study by the New Mexico Department of Workforce Solutions, COG (councils of government) comprehensive economic development strategies, and research being conducting by the New Mexico Association of Commerce and Industry in coordination with EDD along with other relevant material and stakeholder input.

B. BACKGROUND INFORMATION

The EDD, as part of [Senate Bill 112](#) (SB112) was tasked with oversight in the development of the [Sustainable Economy Task Force \(SET Force\)](#) and the Sustainable Economy Advisory Council (SEAC).

SB 112 requires that the SET Force develop a strategic plan to transition the state economy away from reliance on natural resource extraction. The SEAC's purpose is to advise the SET Force on developing and achieving the goals of the strategic plan provided in Section 2 of this 2021 act. The

SET Force agrees to use the strategic plan published in 2021 by EDD called *Empower and Collaborate: New Mexico's Economic Path Forward* to diversify and strengthen the economy. The vision is that New Mexico will have a diverse and robust economy that engages local talent, cultivates innovation, and delivers prosperity for *all* New Mexicans.

The plan serves as a comprehensive approach to economic development which looks at short term recovery, long-term planning, and economic diversification. EDD has worked alongside numerous stakeholders and state agencies, regional and local governments, along with many other organizations and industry leaders to create a strategic plan and identify action steps for economic growth.

C. SCOPE OF PROCUREMENT

This procurement will result in a contractual agreement between two parties; the procurement may **ONLY** be used by those two parties exclusively.

The work is expected to be concluded by June 30, 2022.

The contractor's work will be focused on data collection, community engagement, state plan revisions, presentation material and implementation strategy.

Such exceptions may cause a proposal to be rejected as nonresponsive when, in the sole judgment of the Agency (and its evaluation team), the proposal appears to be conditioned on the exception, or correction of what is deemed to be

a deficiency, or an unacceptable exception is proposed which would require a substantial proposal rewrite to correct.

Should an Offeror object to any of the terms and conditions as set forth in the RFP Draft Contract (APPENDIX C) strongly enough to propose alternate terms and conditions in spite of the above, the Offeror must propose **specific** alternative language. The Agency may or may not accept the alternative language. General references to the Offeror's terms and conditions or attempts at complete substitutions of the Draft Contract are not acceptable to the Agency and will result in disqualification of the Offeror's proposal.

Offerors must provide a brief discussion of the purpose and impact, if any, of each proposed change followed by the specific proposed alternate wording.

If an Offeror fails to propose any alternate terms and conditions during the procurement process (the RFP process prior to selection as successful Offeror), no proposed alternate terms and conditions will be considered later during the negotiation process. Failure to propose alternate terms and conditions during the procurement process (the RFP process prior to selection as successful Offeror) is an **explicit agreement** by the Offeror that the contractual terms and conditions contained herein are **accepted** by the Offeror.

16. Offeror's Terms and Conditions

Offerors must submit with the proposal a complete set of any additional terms and conditions they expect to have included in a contract negotiated with the Agency. See Section II.C.15 for requirements.

17. Contract Deviations

Any additional terms and conditions, which may be the subject of negotiation (such terms and conditions having been proposed during the procurement process, that is, the RFP process prior to selection as successful Offeror), will be discussed only between the Agency and the Offeror selected and shall not be deemed an opportunity to amend the Offeror's proposal.

18. Offeror Qualifications

The Evaluation Committee may make such investigations as necessary to determine the ability of the potential Offeror to adhere to the requirements specified within this RFP. The Evaluation Committee will reject the proposal of any potential Offeror who is not a Responsible Offeror or fails to submit a Responsive Offer as defined in §13-1-83 and §13-1-85, NMSA 1978.

19. Right to Waive Minor Irregularities

The Evaluation Committee reserves the right to waive minor irregularities, as defined in Section I.F.19. The Evaluation Committee also reserves the right to waive mandatory requirements, provided that **all** of the otherwise responsive proposals failed to meet the same mandatory requirements and the failure to do so does not otherwise materially affect the procurement. This right is at the sole discretion of the Evaluation Committee.

20. Change in Contractor Representatives

The Agency reserves the right to require a change in contractor representatives if the assigned representative(s) is (are) not, in the opinion of the Agency, adequately meeting the needs of the Agency.

21. Notice of Penalties

The Procurement Code, §§13-1-28 through 13-1-199, NMSA 1978, imposes civil, and misdemeanor and felony criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for bribes, gratuities and kickbacks.

22. Agency Rights

The Agency in agreement with the Evaluation Committee reserves the right to accept all or a portion of a potential Offeror's proposal.

23. Right to Publish

Throughout the duration of this procurement process and contract term, Offerors and contractors must secure from the agency written approval prior to the release of any information that pertains to the potential work or activities covered by this procurement and/or agency contracts deriving from this procurement. Failure to adhere to this requirement may result in disqualification of the Offeror's proposal or removal from the contract.

24. Ownership of Proposals

All documents submitted in response to the RFP shall become property of the State of New Mexico. If the RFP is cancelled, all responses received shall be destroyed by the Agency or SPD unless the Offeror either picks up, or arranges for pick-up, the materials within three (3) business days of notification of the cancellation. Offeror is responsible for all costs involved in return mailing/shipping of proposals.

25. Confidentiality

Any confidential information provided to, or developed by, the contractor in the performance of the contract resulting from this RFP shall be kept confidential and shall not be made available to any individual or organization by the contractor without the prior written approval of the Agency.

APPENDIX C

COST RESPONSE FORM

Cost Response Form Guidance:

Use this Appendix to create a table, form, space/line, budget outline, etc. on which Offerors will submit their separate Cost Proposal. Keep in mind the following:

- **Consider how you need cost submitted.**
 - Do you need a detailed budget table, a list of prices for goods and services, just a line for an hourly/monthly rate, or something else?
 - Will your RFP require Offerors to respond to different or separate categories, which will each have unique and separate cost requirements?
 - Do you need to include a separate line item for estimated NMGRT, local options tax, etc. taxes?
- **Provide the Offerors with instruction on:**
 - how to complete the cost
 - EXAMPLE: “Offeror must provide costs for each and every line item included in the budget table provided.”;
 - what the cost must include
 - EXAMPLE: “All costs provided by the Offeror must include all labor materials, equipment, travel, training, transportation, configuration, installation and profit.”;
 - any limitation(s) on the cost
 - EXAMPLE: “The Agency will not pay any additional charges outside of the hourly rate provided by the Offeror.” OR “The Offeror shall not add categories or line items to the budget table provided. It must be completed as-is.” OR “Offeror’s proposed cost shall not be used to replace Offeror’s already-budgeted funds for the proposed project.”; and/or
 - whatever else might be appropriate.
- **Consider how long the resulting contract will be in place.** If your contract will be in place for multiple years, is asking for one year’s budget, or one year’s rates, enough for the length of the contract? Do you need an escalation clause in case of unforeseen cost increases? Do you need Offerors to submit multiple years’ worth of cost, to cover the entire term of the contract?
- **Consider how the cost is to be evaluated.** Is the Cost Evaluation Factor in Section V a formula? If so, be clear about which cost from this Appendix will be used in the formula.
 - EXAMPLE: If the Cost Response Form requires a four-year detailed budget, you might specify that the cost to be used in the corresponding Evaluation Factor formula will be the total of all four budget years (i.e. TotalYear1 + TotalYear2 + TotalYear3 + TotalYear4).
 - Keep in mind, using only one year of a multi-year cost in the Evaluation Factor formula may result in an Offeror providing better pricing in that year, but subsequent years may increase sharply because they’re not being included in the evaluation of cost.
- **If you’re having difficulty** determining how cost should be submitted, consider how cost has been submitted on prior invoices, how invoices are submitted in the respective industry, and/or what the funding requires.
 - EXAMPLE: If prior invoice cost has been an hourly rate multiplied by the number of service hours, a simple space for an hourly rate may be sufficient to meet your needs.

Remember! If the goods or services are not included in the Offeror’s proposal, they cannot be added later!
