Welcome to the TOOLBOX

The New Mexico Economic Development Department (EDD) is pleased to offer this publication to provide an overview of resources available to businesses and communities in New Mexico. The Toolbox has two main sections: EDD programs and programs offered by our partner organizations.

If you need assistance with any programs in New Mexico to help your business or community thrive, ***your first point of contact is our Community, Business & Rural Development (CBRD) regional representatives.*** The regional reps that work within your county can help you navigate these resources and more.

On the following pages, you will find a short description of CBRD services, a service map, and your local contact information. You can also find this information on our website at EDD.NewMexico.gov/community-development.

EDD's resource map is a searchable database of resources that are available for businesses and communities across the state. You can visit it directly at EDD.NewMexico.gov/resource-map. For regular updates, don't forget to sign up for The Pathfinder (EDD's general newsletter), NMFO News, ORD Dispatch, NMMS Highlights, Creative Industries Newsletter, or other division-specific notices at EDD.NewMexico.gov/newsletter.

Please visit us online at EDD.NewMexico.gov to learn about all our programs and recent announcements.

EDD Mission Statement

The mission of the New Mexico Economic Development Department is to improve the lives of New Mexico families by increasing economic opportunities and providing a place for businesses to thrive.

Community, Business & Rural Development (CBRD)

EDD's Community, Business & Rural Development (CBRD) staff, or regional reps, are located in the regions they serve throughout the state. They assist businesses and communities in a broad variety of economic development needs:

- Passing and using the **Local Economic Development Act (LEDA)** to provide local incentives for job creation.
- Working directly with local governments and businesses throughout the **LEDA funding** process.
- Implements the **Business Retention & Expansion Program**.
- Connects businesses to the **Job Training Incentive Program (JTIP)** team and provides technical assistance through the application process.
- Business development **project funding** in collaboration with finance programs.
- Marketing outreach, education and technical assistance with the **LEADS and Certified EDO programs**.
- Assist businesses in taking advantage of New Mexico's **tax credit incentives** for job creation.
- Assist communities in responding to **Potential Recruitment Opportunities** (PROs) from the New Mexico Partnership.
- Community infrastructure financing assisted by **FUNDIT**, a collaborative group of community development funding agencies who review and vet projects in a single meeting.
- Resolve **state regulatory** or other issues that impact businesses.
- Access to all other **EDD programs**, including New Mexico MainStreet, New Mexico Film Office, Outdoor Recreation Division, Creative Industries, and more (see programs and divisions listed on the following pages).

EDD Business Resources

Local Economic Development Act (LEDA)

The Legislature has granted EDD the authority to administer the multi-million-dollar LEDA grant fund to assist expanding or relocating businesses. These grants are distributed to a local government to be passed onto the business on a reimbursement basis. The qualifying entity must provide economic impact and public benefit equal to or greater than the amount of the grant.

Economic-base employers deemed eligible for the Job Training Incentive Program (JTIP) may qualify for LEDA. Eligible uses of funds are related to the purchase or development of land, building and infrastructure for the purpose of conducting business in New Mexico.

EDD determines eligibility and provides technical assistance throughout the application and

approval processes. All funding decisions are made at the executive level, by the governor's office.

LEDA Rural Infrastructure Grants

EDD may award funding to rural communities when critical infrastructure is needed for economic growth. Publicly owned industrial properties that attract business development are eligible.

Gross Receipts Tax Sharing

LEDA funding, which supports new jobs and investment, will now be sustained by a partial sharing (no more than 50%) of GRT revenues during the construction phase of projects when costs exceed \$350 million. The recapture requires agreement between the state and the participating local government. Multiple small projects can be funded with one large project.

EDD.NewMexico.gov/LEDA

Job Training Incentive Program (JTIP)

JTIP funds classroom and on-the-job training for newly-created jobs in expanding or relocating businesses for up to 6 months. Once training is complete, the program reimburses a *minimum* of 50-75% of employee wages during training.

The JTIP program strengthens New Mexico's economy by providing financial incentives to companies that create new economic-base jobs in New Mexico. Training funded by JTIP also elevates the skill level of the New Mexico residents who fill funded positions. Companies may also be eligible for the High Wage and Rural Job Tax Credits.

JTIP reimbursement rates are based on company location, with higher rates in rural and frontier communities, and the potential for additional reimbursement if certain criteria are met.

Custom training at a New Mexico Higher Education institution (HEI) may also be reimbursed, up to \$6,000 per trainee. New Mexico HEIs are equipped to quickly design and implement training programs that are customized to a company's specifications. The cost of the development and delivery of the training can be offset with JTIP funds. This aspect of JTIP complements the JTIP wage reimbursement and contributes to the overall training plans for new hires.

JTIP eligibility is based on the company's business, the role of the jobs, and the trainees themselves. JTIP staff determines eligibility and provides technical assistance to companies throughout the process. All funding decisions are made by the JTIP board, which meets monthly to consider applications.

Step Up Program - Reimburses JTIP-eligible companies for a portion of the cost of upskills training for incumbent workers, up to \$6,000 per trainee.

EDD.NewMexico.gov/JTIP

Food, Hunger, and Agriculture Program

The Food, Hunger, and Agriculture Program supports the intersection of economic development in New Mexico's food and agricultural sector with increased food security for New Mexicans. It is part of the Governor Michelle Lujan Grisham Food Initiative.

The program supports several grants and projects:

New Mexico Healthy Food Financing Fund - a grant program that provides financial and technical assistance for food and agriculture enterprises to grow, raise, aggregate, distribute, and sell local, fresh, healthy food through expanded retail and institutional in-state market channels in rural and underserved communities.

Resilient Food System Infrastructure (RFSI)

Program - EDD is partnering with the NM Dept of Agriculture and the US Dept of Agriculture to address middle-of-the-supply-chain needs for locally and regionally produced food products (excluding meat and poultry), increase resource access, create more and better markets for small and mid-size producers, and bridge gaps in existing federal funding.

Mexico Food Pathways is funded through the America's Healthy Food Financing Initiative (HFFI) Partnerships Program. The program helps local food businesses take the next step with tailored support to become SNAP-authorized, expand their operations, and increase access to healthy, affordable food in underserved communities.

It provides: no-cost business consulting, access to capital through grants and low-interest loans, and Supplemental Nutrition Assistance Program (SNAP) application support. www.nmfoodpathways.org

The partnership is comprised of Vida Mejor Capital, EDD, NMSU, Santa Fe Farmers' Market Institute, and New Mexico Community Development Loan Fund.

EDD.NewMexico.gov/Food

State Small Business Credit Initiative (SSBCI)

SSBCI federal funding is provided to governments to assist small businesses and empower job-creating opportunities. SSBCI TA, the Collateral Assistance Program (CAP), and the Venture Capital (VC) programs are all made possible through SSBCI funding.

EDD.NewMexico.gov/SSBCI

State Small Business Credit Initiative Technical Assistance Program (SSBCI TA)

SSBCI TA provides technical assistance to Very Small Businesses (VSBs) and businesses owned by Socially and Economically Disadvantaged Individuals (SEDI) seeking loans, capital, or investment. Currently, the program is undergoing a redesign to better serve New Mexico's small businesses.

Free accounting services are available through a partnership with Revby.

EDD.NewMexico.gov/SSBCI-TA

Collateral Assistance Program (CAP)

CAP encourages banks and other financial institutions to make loans to small businesses in under-served markets. EDD can pledge cash to cover a collateral shortfall of a loan in order to enable financing that otherwise might not be available to a small business. Awards up to \$250,000.

EDD.NewMexico.gov/CAP

Venture Capital Program (VC)

The Venture Capital Program Fund was created to advance economic development objectives of the state by making investments for startup, expansion, product or market developments, recapitalization, or early-stage development. NMFA is administering the funding in partnership with EDD.

www.nmfinance.com/venture-capital-program

Technology & Innovation Office

The Technology and Innovation Office (TIO), formerly the Office of Strategy, Science and Technology, connects New Mexico innovation to the commercial market. TIO facilitates the activities of the Technology Research Collaborative (TRC), and manages several programs, including:

Advanced Energy Award Pilot Program - awards funds to NM companies developing and commercializing technologies in advanced energy. Grant awards between \$250,000 and \$1,000,000.

SBIR/STTR Matching Grant - awards funds for business development expenses to selected NM recipients of federal SBIR/STTR awards. Grant awards between \$50,000 and \$100,000.

Science & Technology Business Startup Grant - awards funds for business development expenses to early-stage NM companies commercializing new technology. Grant awards between \$25,000 and \$50,000.

Entrepreneurship Programmatic Support Grant - awards funds to proposals that support the operational needs of entrepreneurship-focused organizations, including incubators, accelerators, or venture studios.

Advanced Energy Award Pilot Program - awards funds to NM companies developing and commercializing technologies in advanced energy. Grant awards between \$250,000 and \$1,000,000.

Quantum Technologies Award Pilot Program - awards funds to early-stage companies working in quantum technologies that are located in NM or establishing a presence in NM. Grant awards of \$100,000.

TIO Business Assistance Program - provides sector-specific business assistance for New Mexico startups in science and technology via five contractors.

NEW MEXICO

OUTDOOR RECREATION DIVISION

The Outdoor Recreation Division (ORD) works to sustainably grow the outdoor recreation economy in New Mexico and increase equitable access to the outdoors. The division achieves this through investing in economic and community development, education, and outdoor infrastructure investments.

Outdoor Equity Fund (OEF)

The Outdoor Equity Fund supports programs that provide transformative, educational outdoor experiences for youth, particularly those from low-income families, fostering stewardship and respect for the state's lands, waters, and cultural heritage. Applicants must serve a population where at least 40% are low-income youth up to age 18. Awards range from \$5,000-\$40,000.

Outdoor Recreation Trails+ Grant

The Outdoor Recreation Trails+ Grant program supports outdoor infrastructure projects that enhance community access to equitable outdoor

recreation opportunities and promote regional economic development. All projects must be open for public use unless on Tribal land, in which case they must be open to Tribal members. Awards range from \$25,000-\$1,000,000. Applications are open on a rolling basis and are offered in multiple rounds until funds run out.

ActivatOR Outdoor Business Accelerator

ORD partnered with ActivateNM to offer a free 14-week business accelerator program for both established and startup outdoor businesses and nonprofits located in or expanding to New Mexico.

Adventure Pitch Fest

In partnership with ActivateNM, the Adventure Pitch Fest is a free event that feature dozens of outdoor businesses from across the state and a fast-paced pitch competition where businesses compete for \$15,000 in cash prizes.

International Trade

EDD's International Trade program assists companies to capitalize on opportunities in the global marketplace by focusing on these key areas:

- The New Mexico State Trade Expansion Program (STEP) Grant, funded by the U.S. Small Business Administration (SBA), is a reimbursement grant program of up to \$7,500 for approved activities. Funds may be used to offset the costs for international trade shows/missions, global website optimization, market research, foreign product registration, and business matchmaking.
- Coordination with the U.S. Department of Commerce International Trade Administration, New Mexico Commercial Service office to provide export assistance to New Mexico companies. Services provided by the New Mexico Commercial Service may also be eligible for STEP Grant reimbursement.
- Maintenance of a foreign trade office in Taiwan to generate qualified trade leads, locate buyers and distribution partners for companies, assist with questions regarding regulatory approvals, and support the recruitment of Foreign Direct Investment (FDI) to New Mexico. It also assists with questions regarding regulatory approvals.
- One-on-one business consultations to help companies navigate through language, cultural, and structural barriers.
- Workshops that create an awareness of international market opportunities and educate companies on the export process.
- Recruitment and coordination of N.M. companies to participate in international trade events.
- Reverse trade missions designed to bring visiting foreign trade and investment delegations to N.M. with an interest in sourcing products produced in the state or to invest in N.M.

EDD.NewMexico.gov/business-development/edd-programs-for-business/international-trade

New Mexico Film Office (NMFO)

The film and television industry is a key sector of New Mexico's economy, with a significant direct and indirect impact. Productions that film in New Mexico bring revenue into the state and are incentivized to hire residents and buy from local vendors.

New Mexico's refundable tax credit is competitive on a national and international level. It offers a base of 25%, with a maximum of 40% when production meets specific criteria, such as:

- Filming outside of Albuquerque and Santa Fe
- Utilizing a qualified production facility (soundstage or movie ranch)
- Filming an eligible TV pilot or series

The New Mexico Film Office provides workforce development programs, including the Film Crew Advancement Program (FCAP) that helps workers move up and advance their skills and their craft and Operation Soundstage (OSS) that provides a path for veterans to work in the film industry.

We also provide workshops and training programs to prepare residents for the high-wage jobs the industry offers, including an annual screenwriting fellowship with Stowe Story Labs.

A major component of workforce development is the New Mexico Media Arts Collective (NMMAC), established in February 2022. A partnership between EDD, NMFO, the Higher Education Department, and industry partners like Netflix and NBCUniversal, the NMMAC serves as an epicenter for training New Mexicans in specific, high-demand crafts. Upon completion, participants receive paid apprenticeships and can accrue union and guild hours.

nmfilm.com

New Mexico Border Authority (NMBA)

NMBA benefits New Mexico businesses by assisting them in doing business with Mexico and utilizing the international ports of entry. The Border Authority has particularly strong relationships with the States of Chihuahua and Sonora.

NMBA benefits communities by resolving issues and disputes with Mexican and U.S. inspection agencies that negatively affect the flow and amount of traffic at ports of entry. Border Authority staff also support the recruitment of manufacturers and other border-related business and they promote tourism at the three ports of entry.

www.nmborder.com

Office of Military Base Planning & Support (OMBPS)

OMBPS supports the continued presence of Department of Defense (DoD) installations in New Mexico and seeks opportunities to enhance DoD's investment here. This benefits businesses who are DoD contractors and communities around the military bases.

The Office facilitates communication between the military base leadership, community governments and support organizations, state and federal agencies to eliminate areas of conflict. This also supports the development of renewable energy projects.

N.M. EDD Community Resources

NMMS's core objective is downtown revitalization. As a Main Street America™ Coordinating Program since 1985, NMMS helps communities implement the Main Street Approach™ to transform communities.

NMMS's three economic transformation strategies guide the program's work:

1. Build capacity for local economic revitalization and redevelopment efforts
2. Enhance the entrepreneurial and creative economy
3. Create thriving places

NMMS staff and revitalization specialists work with program partners to engage people, rebuild places, and revitalize economies by providing professional technical assistance that supports asset-based economic development.

Programs administered by NMMS:

- Affiliated & Accredited NM MainStreet districts (32)
- Affiliated & State-Authorized Arts & Cultural districts (13)
- Project-based Initiatives
 - Frontier, Rural, and Native American Communities Projects
 - Urban Neighborhood Commercial Corridors Projects
- Historic Theaters Initiative
- Capital Outlay Public Infrastructure and Great Blocks on MainStreet

Capital Outlay public infrastructure projects leverage private sector reinvestment, make visible upgrades to streets and amenities, improve pedestrian safety, and create vibrant places for economic growth. The Great Blocks on MainStreet program dramatically upgrades 2-3 district blocks in a core commercial area.

www.nmmainstreet.org

Justice, Equity, Diversity and Inclusion (JEDI) Office

The JEDI Office works to address systemic inequities and create equitable representation for all New Mexico businesses while promoting diversity and inclusion. It addresses the specific concerns of minority-owned business, serves as a liaison, support, and voice for underserved businesses, and connects minority-owned businesses and community organizations in underserved communities with economic development programs, resources, and opportunities.

EDD.NewMexico.gov/JEDI

Creative Industries Division

The Creative Industries Division enhances economic opportunities for New Mexico families by nurturing a vibrant creative economy. We support creative entrepreneurs, small businesses, and organizations through education, workforce development, public infrastructure, grants, and resource sharing.

Resources:

- Ambassador Program
- Statewide Creative Industries Season
- Resource Center
- Knowledge Center

Grant Programs:

- Creative Support Organization Grant
- Business Development & Expansion Grant

EDD.NewMexico.gov/Creative

Local Economic Assistance & Development Support (LEADS)

LEADS funding creates jobs through recruitment, retention/expansion, and startup activities; develops the tax base; and provides incentives for business development. Applications are accepted from economic development departments or organizations with a current plan to address business growth in a community that has passed a LEDA ordinance to local governments and eligible partners. Projects may be awarded up to \$25,000 per year in funding.

EDD.NewMexico.gov/community-development/LEADS

Certified Economic Development Organizations

The Certified Economic Development Organization program recognizes excellence in EDOs, heightens the visibility of the economic development process, builds capacity for EDOs, and encourages professional development. EDD assists local EDOs to build capacity so that they are equipped to provide economic development services and support their communities. Applications are open annually. Certified EDOs receive funding (subject to availability) of up to \$40,000 annually and certification is renewable for up to 10 years. Funds may be used to offset expenses like marketing events, attendance at trade shows and sales missions, advertising, and additional staff costs over and above one full-time position.

EDD.newmexico.gov/community-development/edo-cert

Business Incubator Certification

An incubator is a business support facility with processes that accelerate the successful development of startup companies by providing entrepreneurs with an array of targeted resources and services. Once all the research, planning, and resource gathering is complete, the final step is certification by the state.

EDD.NewMexico.gov/community-development/business-incubator-certification

FUNDIT

FUNDIT invites communities to present their projects to an informal group of federal and state funding agencies to receive feedback and guidance to fund their economic and community development and infrastructure projects.

Nonprofit New Mexico-based group of individual accredited angel investors focused on investing in early stage companies. nmangels.com

New Mexico Community Capital (NMCC)

Provides investment, management, and consulting experience to existing companies serving emerging or underserved markets that have high growth potential. nmccap.org

New Mexico Finance Authority (NMFA)

NMFA is source of financing for a broad range of projects and offers different financing programs for communities and businesses to improve the quality of life in New Mexico. They provide low-cost financing for borrowers, particularly those in disadvantaged communities, who might not otherwise be able to access the tax-exempt bond market on a cost-effective basis. www.nmfinance.com

New Market Tax Credits (NMTC)

Loan funds dedicated solely to New Mexico businesses. Combined with other financing mechanisms and funding sources to provide businesses in a qualified census tract with a below market financing tool.

www.nmfinance.com/business-financing/new-markets-tax-credits

The Verge Fund

Invests in regional southwestern companies, with priority on New Mexico companies. Investments are made in the seed or first round with active involvement in the company and later-stage investments in follow-on rounds of existing portfolio companies. Its focus is on technology businesses.

www.vergefund.com

LOANS

Capital Certified Development Corporation

A private, nonprofit provider of small business financing that works with small businesses and financial institutions to assist with financing of building acquisitions, construction projects, and machinery and equipment loans as a facilitator of the SBA's 504 Loan Program. www.capitalcdc.com

DreamSpring

Loans from \$200 to \$50,000 and support to self-employed individuals who have limited or no access to traditional business credit. Services include networking, marketing, training, leadership development, individual mentorship, and credit counseling and coaching. www.dreamspring.org

Enchantment Land Certified Development Corporation (ELCDC)

A nonprofit licensed by the Small Business Administration (SBA) to administer the SBA 504 Loan Program, which provides small businesses with up to 90% financing for certain expansion activities. www.elcdc.com

LiftFund

Helps individuals who do not have access to capital from typical lending sources. Provides small business loans and educational services. Funds up to \$50,000 for startups; up to \$1 million for small businesses. www.liftfund.com

Loan Fund

Provides loans, capacity building, and technical assistance to business owners and nonprofit organizations. Loans are provided for equipment, inventory, building renovations, and operating capital, as well as to nonprofits for bridge financing against awarded private and public contracts, capital improvements, and equipment. Funding amount: up to \$50,000. www.loanfund.org

Nusenda Microloan Program

A partner organization sponsors a low-interest loan through its credit union deposit account and the credit union provides the origination, servicing and credit reporting. Partner organizations decide whether to make the loan based on their own criteria. They also offer no-cost small business coaching. www.nusendafoundation.org/partner-programs/co-op-capital

Small Business Administration (SBA)

Works with lenders to provide loans to small businesses. SBA reduces risk for lenders and makes it easier for them to access capital, which makes it easier for small businesses to get loans. www.sba.gov/funding-programs/loans

Smart Money Business Loan Participation Program

Provides greater access to capital for businesses throughout rural and underserved areas of NM by allowing NMFA to purchase up to 49% of loans originated, underwritten and serviced by local banks at low, fixed interest rates. www.nmfinance.com/business-financing/business-loan-participation-program

Rural Community Assistance Corp. (RCAC) Small Business Loan Program

Assists businesses in retaining or creating jobs in rural communities of 50,000 or less. Offers short-term loans for working capital, lines of credit, and long-term loans for real estate and equipment. www.rcac.org/lending/small-business-loans

USDA Business & Industry Loan Guarantees

Provides businesses with a loan guarantee up to 80% for existing businesses with a maximum loan amount of \$5 million. Will finance businesses with working capital, machinery, equipment, and fixtures and commercial real estate. Organizations must be located in rural areas with a population under 50,000 and non-urbanized areas. www.rd.usda.gov/programs-services/business-programs/business-industry-loan-guarantees

GRANT PROGRAMS

Regional Development Corporation (RDC) Micro-Grant Fund

Awards provide small infusions of capital that allow a business to diversify, sustain, or grow revenue, leverage other investments, and put proper systems in place that lead to growth in order to create opportunities for job seekers who want to stay in the region. The RDC provides technical support and information on other funding opportunities to all applicants. www.rdcnm.org/microgrant-fund

USDA Rural Development Energy Programs

Offers funding to complete energy audits, provide renewable energy development assistance, make energy efficiency improvements and install renewable energy systems. www.rd.usda.gov/programs-services/energy-programs

USDA Value Added Producer Grant

Helps agricultural producers enter into value-added activities related to the processing and/or marketing of bio-based, value-added products. www.rd.usda.gov/programs-services/business-programs/value-added-producer-grants/nm

Tax Incentives

For updated information, visit www.tax.newmexico.gov

High Wage Jobs Tax Credit

A taxpayer who is an eligible employer may apply for and receive a tax credit for each new high-wage economic-base job. The credit amount equals 8.5% of the wages and benefits paid for each new economic-base job created, up to \$12,750 per job.

To qualify, jobs must pay at least \$40,000/year in a community with a population of less than 60,000 or pay at least \$60,000/year in a community with a population of 60,000 or more; and be occupied for at least 44 weeks by the employee. Employers/positions must be eligible for the Job Training Incentive Program.

The credit can be applied to the state portion of the gross receipts tax, compensating tax, and withholding tax. Any excess credit will be refunded to the taxpayer.

Rural Job Tax Credit

This credit can be applied to taxes due on state gross receipts, corporate income, or personal income tax. Rural New Mexico is defined as any part of the state other than Los Alamos County; certain municipalities: Albuquerque, Rio Rancho, Farmington, Las Cruces, Roswell, Santa Fe, and a 10-mile zone around those municipalities.

To qualify, companies must manufacture or produce a product in New Mexico and be a non-retail service companies that exports a substantial percentage of services out of state (50% or more revenues and/or customer base). Certain green industries may also qualify.

The percentage of tax credit is dependent upon location.
